

One-pager on existing feasible solutions

Steps to contribute to the One-Pager

Let's agree on the problems and solutions!

Let's all contribute to solving collective issues!

Everyone will participate! Everyone will contribute! Everyone will benefit!

Roberts Waddle

Dear One-Pager Community,

Thank you for your interest in contributing to the One-Pager initiative, aiming to establish a common understanding on a theme and ensuring that the proposed solutions are reliable, feasible, adaptable, and validated by all specialists (critical readers) while being understandable to a non-expert audience.

We want to ensure that the solutions proposed in the One-Pagers have already worked here or elsewhere with tangible positive results. We will then have the assurance that they will work in Haiti if adapted and if everyone collaborates.

Here are the **different steps to follow to contribute to the One-Pager initiative** on a topic :

1. Submit an updated CV.
2. Choose the type of contribution (writing a One-Pager or providing a critical review of a One-Pager or both).
3. Choose the title for the One-Pager on the selected theme. This helps provide a guiding thread and connects it with the detailed plan of the One-Pager.
4. Identify and submit three crucial problems with sources connected to the treated theme following the detailed plan of the One-Pager. Refer to the document "Detailed Plan of the One-Pager."
5. This will confirm the understanding of the One-Pager initiative and facilitate the work.
6. Identify and submit contacts for a maximum of specialists on the chosen theme who can serve as critical readers.
7. This will help validate the content of the One-Pager and achieve a common understanding among specialists.
8. Propose fees for writing a One-Pager. They will be accepted or negotiated.
9. Approve, fill out, and sign the draft consultation contract that we share after agreeing on the work (points 2 to 5) and fees (point 6).
10. Formally start writing the One-Pager according to the contract and terms of reference.

Expression of Interest

Professionals interested in the initiative, whether based in Haiti or abroad, can connect with us at <https://www.linkedin.com/in/jobpaw/> and write to us at rwaddle@forumopportunitate.com, either to write a One-Pager or to join a team of critical readers for a One-Pager.
